We are very excited to be back at the RHS Halls in March and hope to improve on our Silver Medal of 2015. We have also been asked to be an assessor for the RHS Trials of Sanguisorba starting next year.

*We are a small nursery, and, as you can see, attending a number of plant fairs and specialist events at the locations and dates itemised overleaf. We have therefore decided to, this year, only open the nursery by appointment, to groups, or individuals. just give us a ring and we'll do our best to accomodate you. We offer a **wide** range (generally in small quantities) of interesting and garden-worthy plants, including many shade lovers, grasses and perennials (prairie plants). We propagate most plants ourselves. If you would like a specific plant (or plants) brought to a venue, or to collect from us, please ring or email as some plants are kept off site.*

We are also available to do talks to groups on shade loving perennials entitled '50 Greys of Shade', and our Chelsea adventures. Also interactive workshops on propagation.
